### A MILLION STAR EXPERIENCE

Our treehouses offer big views of remote landscapes, globed by even bigger star-strewn skies, their lights twinkling down to the horizon. Below, the stillness is punctuated by animals' huffs and growls... carried on the wind. There are few such experiences left on earth that capture the romance of the untamed and untainted.

MORE Treehouses have their origins in Lion Sands Chalkley Treehouse, built on the site where our ancestor Guy Aubrey Chalkley made camp in a centuries-old leadwood tree. Since then, they have got a fair bit more luxurious, with Kingston and Tinyeleti added to the collection and recently Thabametsi Treehouse at Marataba South Africa.

# THABAMETSI TREEHOUSE

Located in the Marakele National Park, for guests of Marataba Safari Lodge and Marataba Mountain Lodge

## Discover the magic of a night out in Africa - in complete luxury

A safari is not only about the animals. It is also about simply being in a perfect natural environment, and connecting to something far greater than yourself. We know that there is no better place to feel this connection than in a Treehouse amid wild open plains. We are excited to introduce our Thabametsi Treehouse - the newest addition to the MORE Treehouse Experiences. Separate from the lodge, Thabametsi affords complete privacy, yet is close enough for efficient service. Its 6m-long Martini Step deck is the perfect place to enjoy an infinite view over the Marakele's verdant expanse - perhaps with a chilled sundowner. Thabametsi is also our most impressive treehouse yet - solar powered and built on two levels, with a bedroom, full shower room facilities, and dining/lounge area (separate level).

# CHALKLEY TREEHOUSE

Located in the Sabi Sand Reserve for guests staying at Ivory and River Lodge

## An ode to our Grandfather

The African landscape stretches as far as the eye can see at Lion Sands, and we knew we had to find a special place to capture and enjoy its vastness and splendour. Guy Aubrey Chalkley once set up camp in a majestic centuries-old Leadwood Tree to escape predators roaming the plains below. We decided that this would be the ideal place to build the ultimate bush bedroom, the Chalkley Treehouse. The treehouse is a secure and lavish platform under the African stars, with all the comforts of a five star safari lodge. We take our guests to the treehouse at sunset, where drinks and a scrumptious Gourmet Basket await them. The hours of African dusk can be enjoyed relaxing and absorbing the vastness of the bushveld as it transforms from day to night, before turning in for slumber beneath the incredible night sky.

# KINGSTON TREEHOUSE

Located in the Sabi Sand Game Reserve for guests staying at Ivory and River Lodge

## Ever-changing Africa

No matter what the weather has in store, you will have a safe and luxurious setting with a unique window to enjoy the ever-changing views. Enjoy a delicious, and specially packed Gourmet Basket, and a glass of bubbly as you absorb the spectacle of the bush at sundown. In fact, we defy you to find two identical African sunsets. The 60m<sup>2</sup> treehouse is situated about 5 minutes from the main lodge, and you will have radio contact with the guides, should you choose to. You will also find some cellphone reception; but don't expect any wi-fi in the bush. Kingston is equipped with full bathroom and shower facilities, and Africology products to complete your sensory experience, as well as dining/lounge area on a separate level. Kingston is an experience reserved for the fortunate few, and we invite you to tick it of your bucket list. But we feel we must warn you, once will never be enough.

# TINYELETI TREEHOUSE

Located in the Kruger National Park for guests staying at Tinga and Narina Lodge

## Millions of Stars

Let the Sabie River itself welcome you to this endless African landscape. Tineyeli Treehouse is fully equipped for your relaxation and you can expect all the comforts of a luxury stay. Enjoy your Gourmet Basket, specially packed for you by our chefs, and then settle in with a cocktail as the animals come to drink at sunset. The 50m<sup>2</sup> deck can accommodate 2 adults and 2 children (6yrs and above). We will provide you with a torch, and, even though there is no electricity, you will find a few bars of cellphone signal. Expect to hear the constant rush of life from the Sabie River on your doorstep, as well as a few animals, night predators and birds chiming in. Tineyeli is an uninterrupted overnight experience that cannot be replicated, but that will most definitely be re-told. That is, if you can find the words to describe it. For us who have come here many times over, well, we're still at a loss.
