There are so many reasons why Marataba Safari Lodge makes for the perfect family travel experience. Beyond being in one of the country's most beautiful and untouched wilderness areas, it is situated in a non-malaria reserve where parents with younger children are treated to a first class Big 5 safari, with none of the worry.

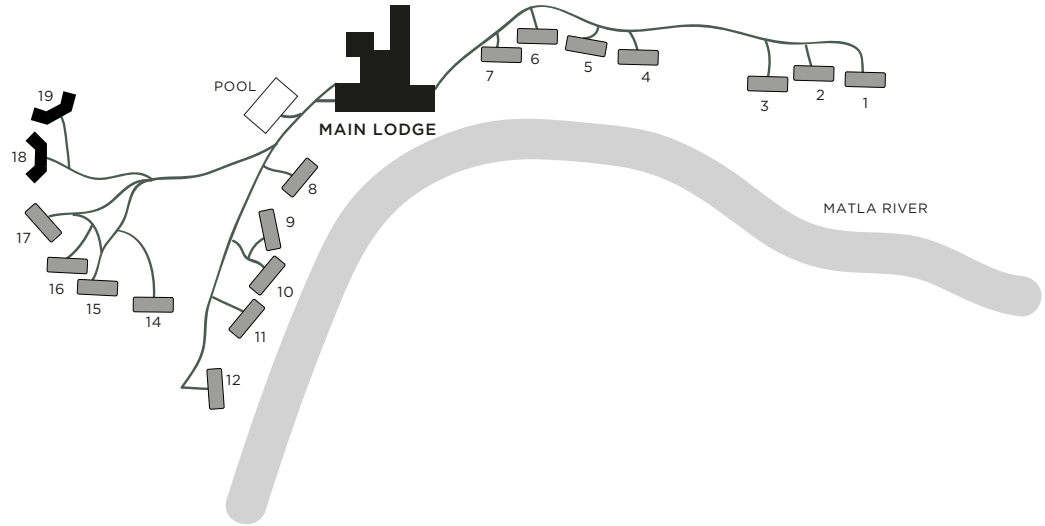

Through the success of our family-focused safaris at Madikwe Safari Lodge (just 2 and a half hours away), coupled with the incredible demand for our circuit comprising both properties, we soon realised that we had to replicate the specialised family experience at Marataba. We are delighted to share the news that we will be launching two new Family Suites at Marataba in September 2017!

We know that children seldom fit to schedule, and that their needs are unique. We have come to understand that by offering a more flexible approach with tailored family accommodation, we are able to help our guests to realise and enjoy the perfect stress-free family safari experience.
