

New to MORE Lodges & Hotels is the Mack & Madi Family Experience – named after Robert and Britt More’s twins and inspired by their first-hand understanding of travelling with children. There’s more to it than offering activities and organising outings... As they fizzle with excitement at discovering a new place, they need a little extra freedom to play, explore, and just be kids. We now offer families more options and flexibility around accommodations, meals, and activities. Our family welcomes yours...

HOMES FROM HOME

Each of MORE’s lodges and hotels provide the space for loved ones to come together, with family-sized accommodations – like home, only better! With every comfort and convenience afforded, there is time to connect and for the rest to take care of itself...

MORE Villas – Fish Eagle Villa, Hi’Nkweni Villa, Redcliffe House – are our ultimate family safari or city retreats. With dedicated staff and private relaxation areas, guests are able to do as little or as much as they want to – like private game drives and Cape Town tours – in their own time.

Getting to us is also easy with the Mara-dikwe Air Taxi service connecting our two most family-friendly lodges – Madikwe Safari Lodge and Marataba South Africa – situated in malaria-free, Big Five sanctuaries.

FAMILY-FRIENDLY DINING

Meal times – in a dining room, around a boma fire, or in the bush – bring everyone around the table. Children have their own full menus, and there are always treats in between – like marshmallows toasted on the fire and hot chocolate in bed.

ACTIVITIES AND OUTINGS

The Lodges: Young guests are welcomed with a backpack of exciting goodies on arrival. During their stays, Madikwe’s Eco House, Marataba’s Eco Garden, and Lion Sands’ tailor-made activities keep them entertained and educated with the wonders of the natural world, as well as sporting and creative activities. The lodges’ kitchens and bomas also get taken over for cooking lessons. Parents are welcome to join in the fun, or sneak a few hours for themselves.

The Hotels: Our team of travel experts will gladly assist with organising fun-filled family outings at guests’ convenience. Families are not restricted by itineraries and can arrange their stays around exactly what they feel like doing.

A sample of activities on the menu include:

- **At the lodges:** dedicated family safari drive between 10h00 and 12h00 daily; rock painting, drawing and colouring; Bug CSI; spoor casting; scavenger hunts; bush orientation; star gazing; making pizzas in the boma or decorating cupcakes; and of course pool games to name but a few...
- **At the hotels:** kids amenities include special gowns for boys and girls and age appropriate books and toy boxes (filled with everything from colouring books to building blocks) in the room to ensure the young ones are kept entertained

ME TIME FOR PARENTS

Childminding*: This service is offered by all our lodges and hotels. Dedicated childminders are on hand to keep children amused and out of mischief.

**Attracts an additional cost*
