Stanley & Livingstone's Mack & Madi Kid's Programme*

This offering is inspired by Rob and Britt More's first-hand experience of travelling with their twins, Mack and Madi. Along with the hotel's options and flexibility around accommodations and meals, tailor-made activities give children (5 to 11 years) a little extra freedom to explore and just be kids – and make family travel child's play.

Activities keep young guests occupied with the wonders of the natural world and sports, while a little pampering and movie nights in ensure they also get to rest during their stays. Just some of the fun includes:

- **Tour of the Victoria Falls (3 years and older):** feeling like the early explorers, children make their way through the forest and along the falls, while being told stories about this area and its epic history
- **Visit to Zambezi Nature Sanctuary and Crocodile Ranch (all ages):** children see and learn about the area's indigenous animals, including the infamous Nile crocodiles, with the chance to hold a baby croc (they are rather cute!) during hatching season
- **Fishing Expedition (3 years and older):** children catch and release, and picnic in the beautiful surrounds of Victoria Falls Private Game Reserve
- **Movie Night and Dinner (all ages):** families spend a cosy evening back at the hotel, watching a much-loved film, while tucking into burgers and popcorn - mm!

**Subject to additional costs; parents are welcome to join in with their children*

Please Note:

- All off-property activities include hotel transfers and are weather dependent
